Description

Here is an incredible opportunity to get into a "NEW" Legenday Bluewater 50 foot Ketch... although the bulid was commenced many years ago this John Pugh has been in the same Family since the inception of it's birth.

The boat presents as new, housed undercover and has to be inspected tp appreciate her.

Stepping aboard the first thing you notice is the the smell... like a new house, something that has just been born.

To say that the family has followed through on the build is more than an understatement, the first person the inspect will understand this. The John Pugh had it's electrical system installed years before... the family decided to update whole boat with the latest electrical and full wiring as they new this was the right thig to do.

Navionics are the best available inc... 3 day weather station plus B&G and Simrad units with Radar, the masts and rigging are ready to be attached and the sails are also new... this is basically a NEW boat with 95% of the work done... the first person to walk into the hanger will understand.

Do not miss out on this opportunity, the vendor just has too many other projects and can not commit any more time although the boat is almost there.

Call Paul on [0405 480 256](tel:0405480256) for more information or inspection.

Features
