Description

The French designed, Polish built Arvor 21 foot cabin cruisers are low maintenance, high on fun, and offer an interesting twist on the side. The AS part of the Arvor 215AS is short for asymmetrical, and points to the fact the cabin is offset to port to create a wider, deeper and more accommodating walk-around to starboard than is otherwise possible with the symmetrical variant called simply the 215. Arvor boats are well know for being a great little work boat, at many Marinas around Australia this is the go to vessel... Tough, roomy and plenty of torque and power from... In this case the 2lt, 115hp single Cummins turbocharged diesel MerCruiser. These boats also have plenty of deck space and stable and so make for perfect pocket game boat or inshore fishing boat with a top speed of around 22-23 knots. The self draining cockpit has sufficient floor space for fishing with say, up to four anglers or with the addition of an aftermarket awning, room for kicking back with a family and doing lunch out of the sun. Officially the boat is rated for six adults, rod holders, a transom door and tiller are provided, and it's not just an emergency tiller you can steer from the transom while trolling for tailor or singlehandedly coming up to your mooring. There's is also a trolling valve to reduce thrust, which might come in handy for down-rigging. The Arvor has just had 7k spent on her in April including... New oil cooler (USA) Antifoul and full engine service New shaft seals inc internal New water pump kit and impeller USA - 3k) New belts Polish New Bimini Call Paul on 0405 480 256 for more information or inspection.
