Description

The Compass 29 is one of Australia's most liked production yachts; known for their strong builds to go inshore and coastal sailing. Enough room to comfortably accommodate friends and family. With simple systems, and well laid out interiors, they have the ease of use to be an ideal first yacht, whilst having the capability to be a competent Bluewater Cruiser for the more experienced sailor. This boat presents really well for it's age, and with the rigging done 9 years ago, it is a turn key ready to go boat.

On this beautiful Compass 29 all the timber work has just been re-freshed and looking good.

So if your in the market for a great family boat to go up and down the coast or just staying the weekend on your favourite waterways with the family then this boat could be for you, so what are you.
