Description

This large volume sports bow-rider screams FUN!

There is so much room for entertaining in the cockpit lounge area and this flows past the enclosed toilet and into the second large lounge at the bow.

The 250 Horizon is the kind of boat you can take to see the fireworks, the start of a big yacht race like the Sydney to Hobart or Melbourne to Devonport, or truck across Moreton Bay to Tangalooma. The boat can take the knocks and its fuel capacity of 284lt gives it legs.

The hull has a sharp 20° of deadrise and the necessary trim range so you can glue the forefoot to the water for a smooth ride in headseas. Full above deck hull sections and plenty of freeboard help displace water. It's not a wet boat.

The helm is a typically well designed American number with seats that not only have innersprings but also have car-like bucket shapes. The seat bases flip up so you can stand at the helm or sit higher up on the bolster and drive looking over the windscreen when docking.
