Description

Motivated vendor... 20k PRICE DROP!

Summer is upon us, so grab the family and get out on the water in this versatile Whittley CR630.

The Whittley Cruiser range was designed to meet the needs of a couple, or a couple with two children, looking for a true overnighter they could live aboard in some comfort.

The Modern Boating team first drove the Cruiser 630 during the final judging for the 2005 AMIF Boat of the Year Awards. And we were blown away! The standard of fixtures and fitout were superb, the innovation of design and layout was outstanding.

The interior of the 630 is divided into four distinct areas. The plush, forward cabin has a huge double berth, toilet, plenty of storage and access to the bow through the wide hatch in the cabin roof. The driver's position features excellent visibility, top helm ergonomics and all the instrumentation even the most fastidious skipper could require. There's a step down to port in front of the navigator's seat, which creates more room to work in the galley.

Look at the Whittley Cruiser 630 as a luxurious, compact, floating apartment. One that if you wake up in the morning and don't like the view, you simply move. Plus, how many apartments do you know that you can ski behind? You can with this Whittley CR630!
